

## PFAS DECLARATION OF INTENT REACH COMPLIANCE POP 2017/1021

Regulation EU 2019/1021 transposes the Stockholm Convention on the elimination of POP (persistent organic pollutants) into European law. Paragraph 7 of the preamble to this Regulation refers to the bans on POPs in accordance with Regulations EU

- 1907/2006 (REACH)
- 1107/2009 (Plant Protection Regulation)
- 528/2012 (Biocidal Products Regulation)

and the ban on the manufacture of these substances.

As a manufacturer of switch mode power supplies and electronic automation equipment, **Camtec Power Supplies** is a downstream user in the supply chain within the meaning of REACH.

We are aware of our obligations under REACH.

We are in close contact with our suppliers of chemical substances and preparations regarding the future availability of materials so that we can continue to supply our customers with products of proven quality. The substances concerned are materials that are used in our items, as well as raw materials and supplies that are required in the manufacturing process.

Through communication along the supply chain, we assume that all common substances are available on the market. We follow the updates to the POP Regulation, in particular Annexes I to III. We comply with Annex IV as part of the Circular Economy Act. We also refer to our RoHS declaration.

Finally, we would like to assure you that we are taking all necessary steps to ensure that we can continue to supply you with our products in the proven quality.
